1. Respective responsibilities of the body and the auditor

This smaller authority is responsible for ensuring that its financial management is adequate and effective and that it has a sound system of internal control. The smaller authority prepares an annual return in accordance with proper practices which:

- summarises the accounting records for the year ended 31 March 2017; and
- confirms and provides assurance on those matters that are relevant to our duties and responsibilities as external auditors.

Our responsibility is to review the annual return in accordance with guidance issued by the National Audit Office (NAO) on behalf of the Comptroller and Auditor General (see note below). Our work does not constitute an audit carried out in accordance with International Standards on Auditing (UK & Ireland) and does not provide the same level of assurance that such an audit would do.

2. 2016/17 External auditor report

(Except for the matters reported below)* on the basis of our review of the annual return, in our opinion the information in the annual return is in accordance with proper practices and no other matters have come to our attention giving cause for concern that relevant legislative and regulatory requirements have not been met. (*delete as appropriate).

See attached

Matters reported

Approval and public rights

The Accounts and Audit Regulations 2015 and proper practices stipulate that the Annual Governance Statement and Accounting Statements in the Annual Return must be approved and published to allow for the Authority to commence the period for the exercise of public rights, so that it includes the first ten working days of July; this would mean that for 2016/17 the commencement date should be no later than 3 July 2017.

The Authority approved the Annual Return on 12 October 2017 and so has not met this requirement. The Authority does not have in place proper arrangements for the preparation and approval of the statement of accounts in accordance with proper practices and relevant legislation. In our view, the response to Assertion 1 on the Annual Governance Statement should be 'No'.

In future, the Authority must ensure that it properly approves and publishes the Annual Return in time to allow for the exercise of public rights. The Authority should also consider the impact of this on the assertions in the 2017/18 Annual Governance Statement.

Bank reconciliation

The internal auditor has highlighted that the Authority did not prepare statements reconciling each of the Authority's bank accounts on a regular basis and that the Authority has not properly completed and reviewed bank reconciliations during the year, this has led to there being a difference of £5,762 between their accounting records and bank statements.

The Authority did not have in place proper arrangements for effective financial management during the year, and for the preparation of the accounting statements. In our view, the response to Assertion 1 on the Annual Governance Statement should be 'No'.
